LANGUAGES

- Python
- SQL
- Java

LIBRARIES

- Pandas
- NumPy
- Scikit-learn
- TensorFlow
- PyTorch

TOOLS

- Power BI
- VS Code
- Jupyter Notebook
- PostgreSQL

CONCEPTS

- EDA
- Machine Learning
- Deep Learning
- NLP
- Time Series Analysis

PROFILE

Motivated AI & Data Science Engineer with hands-on experience in machine learning, deep learning, NLP, and data analytics. Skilled in Python, SQL, Power BI, and frameworks like TensorFlow and Scikit-learn. Experienced in building real-world projects such as toxic comment detection, crop disease identification, and face mask detection. Eager to apply data-driven solutions in a dynamic environment

INTERNSHIP EXPERIENCE

Adroid Connectz (Online), New Delhi — JUL 2024 - AUG 2024

- Assisted in developing and reviewing project documentation to support ongoing tasks.
- Supported team in basic research, data handling, and task coordination.
- Contributed to improving workflow efficiency through timely task completion.

Codsoft (Virtual) — OCT 2023 - NOV 2023

- Worked on small-scale projects to build practical skills in assigned tasks.
- Followed project guidelines to ensure accurate and timely outputs.
- Collaborated with the team to understand workflow and project expectations.

Technohacks (Virtual) — OCT 2023 - NOV 2023

- Completed task-based learning assignments to gain hands-on experience.
- Supported minor project activities under mentor guidance.
- Developed strong understanding of basic tools and work processes.

COMPLETED COURSES

- Microsoft Power BI – ICT Academy
- Data Analytics Essentials - Cisco Networking Academy
- Data Science and Machine Learning – Udemy
- Big Data 101- Congnitive Class.AI
- Introduction to Apache Kafka –Infosys
- Data Manipulation in Python – Udemy
- Artificial Intelligence in Python – Udemy

OTHER ACTIVITIES

- Presented academic and self-built AI/ML projects in student tech forums and community meetups.
- Contributed to peer learning groups by discussing ML project insights, and understand key techniques.

INTERPERSONAL SKILLS

- Leveraged expertise to benefit organizational goals.
- Demosntrated efficient time management. Provided
- technical business issues, support, resolving services, and technologies.
- Upheld strong business ethics and professionalism in the workplace.

LANGUAGES

- English (Bussiness Fluent)
- Tamil (Native)

PROJECTS

GreenCare AI

- Developed an AI-powered web application that helps farmers identify crop diseases and receive treatment recommendations through image analysis.

Carbon Tracing AI Algorithm

- Developed Carbon Tracing, a web application that leverages machine learning to analyze and track carbon footprints, providing actionable insights for sustainable decision-making.

Face Mask Detection

- Used deep learning to detect face masks from images. Utilized labeled datasets and XML annotations from Kaggle.

Crypto currency Dashboard

- Created an interactive Power BI dashboard for tracking crypto prices, trading volume, and trends.

COMPETITIONS & WEBINARS

EY Techathon 4.0

- Participated in solving real-world challenges using machine learning techniques.

Learn Square Data Science Bootcamp

- Completed a 3-day hands-on bootcamp focused on data science fundamentals

EDUCATION

Bachelor of Technology (B.Tech) 2022 - 2025
Artificial Intelligence and Data Science | Ramco Institute of Technology
CGPA: 7.87/ 10.00 (Upto 5th semester)

Higher Secondary Certificate(HSC) 2020 - 2022
Achyuta Academy Matric Hr. Sec. School
PERCENTAGE: 85.5%

Secondary School Leaving Certificate (SSLC) 2018 - 2020
Shri Gurumuki Vidhyasshram
PERCENTAGE: 83.5%
